ESTONIA SECTION

THE KOREAN INSTITUTE OF
POWER ELECTRONICS

IEEE PEMC is the biennial conference initiated by the **Power Electronics and Motion Control (PEMC) Council**, which has been standing strong for over 50 years since the first event in 1970. It is devoted to contemporary research topics of power electronics, control systems, electrical drives, robotics, and related topics. This exciting event brings together researchers and industry experts to share ideas and experiences on frontier technologies, breakthroughs, and innovative solutions and applications. It creates an opportunity to meet world-class scientists presenting **keynotes, tutorials, and invited papers**.

MAIN TOPICS

- Power Electronics and Drives in Transportation
- Power Electronics in Future Power Grids

TECHNICAL TRACKS

- Power Electronics and Drives in Transportation
- Power Electronics in Power Grids
- Power Electronics in Electrical Energy and Heat Generation
- Power Electronics and Drives in Industry
- Power Supplies and Special Converters
- Semiconductor Devices
- Power Electronic Converter Design and Control
- Electrical Machines and Actuators
- Motion Control, Adjustable Speed Drives and Robotics
- Machine Learning in Power Electronics and Drives
- Sensors, Measurement & Observation Techniques
- Education and other related topics
- Multiphase Machines and Drives

SPONSORSHIP & EXHIBITION OPPORTUNITIES

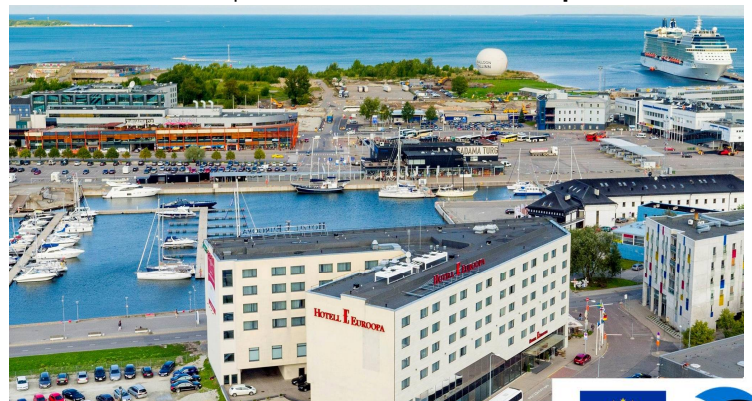

PEMC 2026 invites industry partners to engage as sponsors and exhibitors to reach a focused audience of power electronics and motion control leaders. Tiered packages provide targeted visibility, including logo placement across digital and printed materials, the official website, on-site signage and acknowledgment slides, and opportunities for product showcases and tech talks.

PEMC 2026 website and LinkedIn are live and will be updated regularly with program highlights, speakers, and exhibitor news. The conference delivers strong engagement with researchers, engineers, and decision-makers from academia and industry across Europe and beyond, making it ideal for brand exposure, recruiting, and lead generation. Join us to showcase innovation, build partnerships, and drive adoption of your solutions.

The **curated exhibition** places your company at the center of traffic with coffee breaks, maximizing interactions. Exhibitors can book live demo slots, benefit from pre-event promotion, and access on-site lead capture to convert conversations into opportunities.

VENUE

PEMC 2026 takes place at **Hestia Hotel Europa**.

CONFERENCE OUTLINE

CONFERENCE NAME

IEEE PEMC 2026 – 22nd International Power Electronics and Motion Control Conference

DATES

Sept. 23 (Wednesday) to Sept. 25 (Friday)

VENUE

Hestia Hotel Europa, Tallinn, Estonia

EXPECTED NUMBER OF PARTICIPANTS

>200

EXPECTED PRESENTATIONS

>150 technical papers

5 keynote speakers

5 tutorials

PROGRAM AT A GLANCE

September 23 (Wednesday)

Opening and Keynotes
Parallel Technical Sessions
Tutorials
Welcome Reception

September 24 (Thursday)

Keynotes
Parallel Technical Sessions
Gala Dinner and Awards Ceremony

September 25 (Friday)

Student and Young Professionals Forum
Keynotes
Parallel Technical Sessions
Closing

SPONSORSHIP PACKAGES

PLATINUM SPONSORSHIP: 6 000 €

!ONLY 1 LEFT!

- The **unique spotlight** brand presentation opportunity at Welcome Reception or Gala Dinner.
- Three full registrations for participation in all events.
- Opportunity for vendor presentation at the conference opening.
- Opportunity to host an industrial seminar.
- Company logo on PEMC 2026 homepage, registration page, and sponsorship page.
- Company name included in all email campaigns.
- Company logo on conference online publications and LinkedIn group.
- Name and logo on the conference banners, program, proceedings (opening page on USB stick distributed to the attendees), and acknowledgment slides used during the conference.
- The conference provides exhibition space for sponsors.
- Opportunity to distribute printed materials (provided by company) among participants.

GOLD SPONSORSHIP: 4 500 €

- Two full registrations for participation in all events.
- Opportunity for vendor presentation at the conference opening.
- Company logo on PEMC 2026 homepage, registration page, and sponsorship page.
- Company name included in all email campaigns.
- Company logo on conference online publications and LinkedIn group.
- Name and logo on the conference banners, program, proceedings (opening page on USB stick distributed to the attendees), and acknowledgment slides used during the conference.
- The conference provides exhibition space for sponsors.
- Opportunity to distribute printed materials (provided by company) among participants.

SILVER SPONSORSHIP: 3 000 €

- One full registration for participation in all events.
- Company logo on homepage, registration page, and sponsorship page.
- Company name included in all email campaigns.
- Company logo on conference online publications and LinkedIn group.
- Name and logo on the conference banners, program, proceedings (opening page on USB stick distributed to the attendees), and acknowledgment slides used during the conference.
- The conference provides exhibition space for sponsors.
- Opportunity to distribute printed materials (provided by company) among participants.

SPONSORSHIP FORM

We ask the prospective sponsors to fill out the form below.

Application date	
Company name	
Sponsorship level (indicate your choice)	☐ PLATINUM — 6 000 € ☐ GOLD — 4 500 € ☐ SILVER — 3 000 €
URL to company logo (or send to email)	SVG, PNG (≥2000 px), or PDF
Mailing address	
Company contact person	
Phone number for communication	
Email(s) for communication	
Representative(s) attending the conference	
Remarks (optional)	

Please submit this form by email to the conference organizers at pemc2026@taltech.ee, and they will get in touch with you to arrange payment.
